

ELEGANT

minimalist design with distinctive shapes

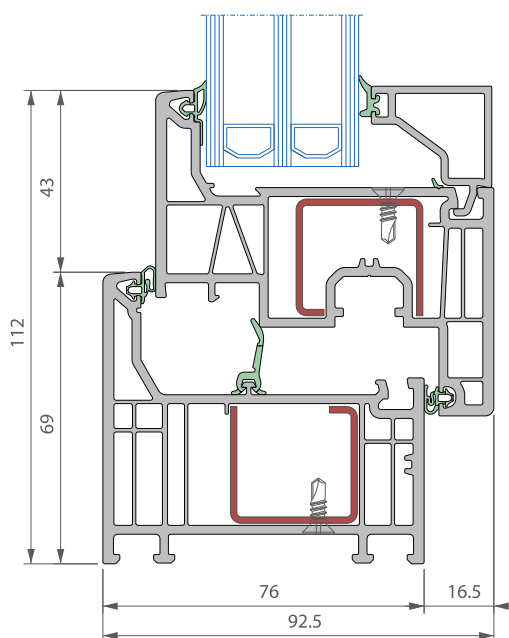

- › Glazing up to 59 mm for use with warm glazing units
- › Two types of glazing beads – rectangular and round
- › Three perimeter gaskets for maximum thermal insulation and watertightness
- › 6-chamber technology – excellent thermal insulation
- › Wide range of surface finishes – smooth, wood-like, matt and metallic
- › The rigid profile design allows the production of sashes up to 2,5m in height

Technical characteristics	Elegant
Installation depth	76 mm
Glass unit thickness	14-59 mm
Glass bonding	optionally
Number of seals	3
Fittings	Roto Komfort; Roto Multi; Roto Designo
Thermal insulation*	0,75 W/(m²K)

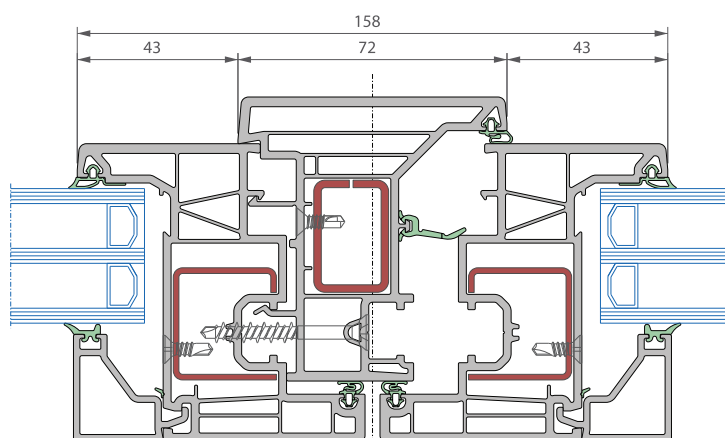

*Value provided for a reference window 1230x1480 mm with glazing Ug = 0,5

Elegant is a new generation window profile system. Exceptional parameters and modern, elegant design make Elegant a complete breakthrough in PVC window design on the market. It impresses with its slim and distinctive shape while meeting the maximum requirements in terms of size, thermal and acoustic insulation. Elegant stands for unique design without compromise.
